25X1A8a

2. For use in OHR Project No. 33.2474, Soviet Aircraft Expenditures 1954-Mid 1959, this branch requires engineering and tooling costs for the Electra. These cost data will be used in estimating the cost to the USSR to manufacture the IL-18 (Coast) turboprop transport.

25X1A5a1

3. The engineering and tooling costs for the Model 188 Electra should be requested from [REDACTED]. It is requested that the engineering and tooling costs be listed separately in 1947-49 dollars and in 1960 dollars for the same cumulative plane numbers as the cost data for the Electra in [REDACTED]
